Continuation of Substance of Interview including description of the general nature of what was discussed: The examiner contacted applicant's representative with request for examiner's amendment. The amendment included clarifying language in claim 1B2 regarding the two initiators. From the language it was not clear if the initiators were used together or separately. The applicants authorized to change the language of the claim to read "selected from" to further clarify that the two initiators are utilized separately. The applicants further authorized to amend the title of the invention to conform to the requirements of MPEP..
